EB09310 - Goat Anti-SGLT1 Antibody

Size: 100µg specific antibody in 200µl

Target Protein

Principal Names: SLC5A1, solute carrier family 5 (sodium/glucose cotransporter), member 1, D22S675, NAGT, SGLT1, Human Na⁺/glucose cotransporter 1 mRNA, complete cds, sodium/glucose cotransporter 1, solute carrier family 5 (sodium/glucose transporter), member 1

Official Symbol: SLC5A1

Accession Number(s): NP_000334.1

Human GeneID(s): [6523](#)

Immunogen

Peptide with sequence C-KETIEIETQVPEKKK, from the internal region of the protein sequence according to NP_000334.1.

Please note the [peptide](#) is available for sale.

Purification and Storage

Purified from goat serum by ammonium sulphate precipitation followed by antigen affinity chromatography using the immunizing peptide.

Supplied at 0.5 mg/ml in Tris saline, 0.02% sodium azide, pH7.3 with 0.5% bovine serum albumin.

Aliquot and store at -20°C. Minimize freezing and thawing.

Applications Tested

Peptide ELISA: antibody detection limit dilution 1:4000.

Western blot: Approx 75kDa band observed in isolated Brush Border membranes from Human Kidney (calculated MW of 73.5kDa according to NP_000334.1). Recommended concentration: 0.3-1µg/ml. Primary incubation was 1 hour. This antibody has been successfully used in WB on Mouse in the following papers, PMID: 34198013, 30503674 and 28174043.

IHC: In paraffin embedded Human Small Intestine shows staining of the glycocalix. Recommended concentration: 3-6µg/ml. This antibody has been successfully used in IHC on Mouse in the following paper, PMID: 34198013.

Immunocytochemistry: Fig A.Frozen sections of Human Kidney show staining of the brush borders in DCT, while only weak background was observed in Rat and Pig Kidney. Recommended concentration: 2-4ug/ml. Fig B.PFA-fixed 4µm cryosections of Human Kidney shows staining of the brush border of proximal straight tubules (S3 segments) in the outer stripe zone. The signal drops to background levels upon blocking with the immunizing peptide.

Species Reactivity

Tested: Human, Mouse

Expected from sequence similarity: Human
